

# SIGNS AND SYMPTOMS OF SARS-COV-2 INFECTION (COVID-19)

COVID-19 may not cause any noticeable signs or symptoms, or they may range from mild to severe. Symptoms of COVID-19 may appear 2 to 14 days after infection with the virus. Examples include:

**Seek immediate medical care** if someone experiences any of the following:

- Trouble breathing
- Ongoing pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face
